

This is a great option for nurses who wish to maximize their earning potential while maintaining freedom of choice over their work schedule. As a per diem nurse, you provide our staffing coordinators with your availability, the dates and shifts that you are able to work. Based on your availability and the staffing needs of our clients, we will offer you assignments. Once you have chosen your assignment(s), you will have a "confirmed" work schedule for the given period of time.

Here are some practical tips from our most successful per diem nurses:

- Be flexible regarding the location and number of facilities where you are willing to work.
- Utilize your experience in different nursing specialties when selecting assignments.
- Call [The Nurse Source](#) any time you wish to add to your availability.

Ready to get started?

To begin, you need to complete a full application file.

This file consists of an application form, a nursing skills list, and a nursing skills checklist and competency tests. For your convenience, we offer three simple options for completing the application.

- Option 1: Complete the forms online.
- Option 2: Download, print, and complete the forms. Then bring completed forms together with all your credentials when you come to our office for an interview.
- Option 3: Come to our office Monday through Friday between 9am and 3pm and complete all the necessary forms right there. Remember to bring all of your credentials. There is no appointment required, but it is recommended that you call us before you come so that we may have everything ready for you, therefore reducing your wait time. We know your time is

valuable!
